

## **Qualifications for Advancing our Community Award**

Any community member, not limited by residency or identity, who has demonstrated a commitment to community service in the city of Minneapolis, specifically focused on furthering civil rights, advancing equity and improving outcomes for all residents. All lengths of service will be considered, both long-term work and a more specific concentrated period of work. Note, award recipients will be celebrated for their work, commitment to civil rights and advancing equity and not for any other individual achievements. This award is not a personal or political endorsement. Award recipients will be given a framed certificate from the commission to commemorate the award and may also receive a city of Minneapolis swag bag.

### **Process:**

Any commissioner or community member can nominate an individual for this award. Nominations can be brought to the Engagement and Research subcommittee meetings by reaching out to the Chair to get the item added to the agenda. We plan to award up to 30 people in a year.
